

## Meenakshi Public School

Circular no. 32 (01.12.2018)

Dear Parent

Keeping in mind the sound health of our children and in an urge to reduce the weight of the school bags as per the CBSE circular, the school is going to take all possible measures. We will review the existing policies, practices and procedures and implement by 15 December 2018. **The parents are requested to remind and guide their children to pack the school bag daily according to the time – table and carry only the prescribed books and discourage their ward/s from carrying unnecessary items to the school.** We also suggest you to buy a child friendly bag which is comfortable to use, light in weight and at the same time sensitize their ward/s to potential problems of heavy school bags.

Regards

  
Vipula Saxena

Director cum Principal
