

Meenakshi Public School
Circular no. 09 (14.05.2018)

Dear Parent

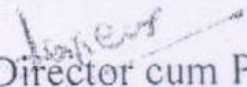

The school in association with Leo Planetaria is pleased to provide **Planetarium Education** to the students of our school. It is a holistic concept that connects the students with the night sky. Planetarium shows are related to various astronomical sky simulation scenarios and brings to the light polluted starless cities.

The school plans to hold an optional mind blowing 50 minute session for each class at a nominal cost of Rs 200 for the students of all age groups where in they will be provided with a companion booklet followed by a planetarium quiz.

The Student can deposit the amount in cash to their respective class teachers by **Saturday, 19 May 2018**. The date will be intimated shortly.

Let us together explore, learn, discover and enjoy.

Regards

Director cum Principal
